## MEET AMY

With the help of a United Way of West Florida Partner Agency, Amy received assistance during a challenging time. Amy, 58, was out of work due to a car accident but managing to make ends meet. Then, everything changed.

Her mother passed away, leaving Amy with her mortgage payment and remaining medical bills. Amy tried to manage these payments, but they began to pile up on top of her own. Back to work, Amy was still unable to catch up financially. So, she reached out to Manna, who provided her with healthy groceries to last the week and help her get by. Amy then connected with United Way of West Florida's Information and Referral hotline, 211 Northwest Florida. A trained I&R Specialist was able to identify additional resources to assist her with utility payments and address legal challenges related to her mother's inheritance. Now, Amy is on the path to financial independence.
